

Report of the ARRL Legal Defense and Assistance Committee

ARRL Annual Meeting, January, 2022

Since the committee report to the Board in July, 2021, there have been no referrals to the ARLDAC for legal assistance related to any antenna/tower litigation matters or ordinances.

There is still the possibility of having an informal meeting of attorneys who handle tower/antenna litigation matters at the ARRL National Convention in Orlando in February. Hopefully, during the period of time most of the ARLDAC committee members are in Connecticut those plans can be finalized.

Respectfully submitted,

Rod Stafford W6ROD
ARLDAC Chair
