## Our Cover

Bob Herklotz's, K4HRK, ComBrella project turns an ordinary umbrella into a ground-plane antenna for 2 meters and 70 centimeters while maintaining the umbrella's original function. You can even mount it to a chair for comfortable operating come rain or come shine. See page 34 for the details on this fun and functional antenna. [Bob Herklotz, K4HRK, and Barbara Herklotz, photo]
